

## What you can expect

Our fully supervised parties are held each weekend during off-hours so you will have use of the entire school for your child's party.

Our school is a bright and exciting place to hold an awesome birthday bash. Our professional staff is fun, cheerful and dedicated to making your child's birthday the best ever!

Our parties include plenty of activities from obstacle courses, movement games, music, fun, and, of course, time for opening presents and eating cake.

Our goal is to make your party a stress-free event for your entire family and your friends. We'll handle everything from set-up to clean up.

## Other Programs we offer

Be sure to inquire about the many Martial Arts Programs available, we have something for everyone!

### Little Dragons Program

An age specific program geared towards helping smaller children begin to focus and learn to set small personal goals.

### Children's Program

At school age we will begin to promote character development through the use of Martial Arts. Students will learn self-esteem, self-discipline and techniques on how to defeat a bully in a non-violent way.

### Adult Program

We offer an in-depth mind, body and spirit curriculum using a format called Lessons in Mindfulness. Life challenges us in so many ways, we will teach you to cope, conquer and exude a positive attitude.
